

Dear Valued Hitting Jack-it Owner,

As we approach the 2011 World Series, we have some exciting news for each of you, so please read through this and review the order form , details and rules.

You already own the finest, newest hitting training tool - the Hitting Jack-it -to have swept Major League Baseball by storm. We are beginning our growth spurt and part of the way we will achieve this is through your help - our satisfied hitters. With your help we can reach many more hitters and give them this same experience!

We want to partner with you for the next 60 days as Baseball drives home the World Series and help the Hitting Jack-it grow. So with this in mind we are launching our Drive through the World Series Contest.

Here is how it works! For every friend or team mate, that you get to order a Hitting Jack-it or a Hitting Jack-it System you will earn **cash...** - we will give you \$5.00 on each individual piece and \$7.50 on a 3 pack system. You can sell as many as you wish from now until Midnight November 30, 2011 PST and postmarked no later than December 1, 2011. There is no limit to how many you can sell during this time. So if your ready to start the game - Let's Play Ball and Batter Up.

In addition, we are offering a Grand Prize for the person who sells the most Hitting Jack-its through the time stated above. The winner of this contest will receive an Official autographed black Baseball bat signed by Pete Rose - The Hit King!

So share your success with all the players you know - this includes Girls Fast Pitch, Men's Slow and Fast Pitch Softball, Men's Senior Baseball Leagues, College, High School, Babe Ruth, Little League, Cal Ripken Baseball, Training Facilities and anyone else you can think of!!! Everyone who swings a bat is your customer.!

This is also a great fundraising tool for your team or school. Would you rather increase your team's hitting percentage with the Hitting Jack-it, or have a candy bar ! Puh-lease.

I look forward to hearing from all of you. Please read the rules and other details. IF you have any questions you can call or email me at.
